**Notes :**

- Previous period/quarter figures have been regrouped to the extent necessary.
- Extraordinary charge comprises differential cane price for 1996-97 and 2003-04, as reduced by cane price pertaining to sugar stocks held on 30.9.2004. With respect to the 1996-97 cane price, the Hon'ble Supreme Court in May 2004 held that the State Government had the power to fix the cane price. The State Government announced the State Advised Price with retrospective effect for the 2003-04 season on 30th June 2004 and demanded early payment. The company has made both these payments amounting to Rs.25.26 crores subject to the company's right to adjust these amounts against its liability, if any, under Rule 5A of the Sugarcane Control Order 1966, as also future cane price payments. The company is seeking legal remedies against these claims. For the 2002-03 season, the industry has taken up with the State Government for them to assume liability for the differential cane price at appropriate terms and make the payment. In view of the aforesaid position, no provision has been made for the differential cane price of 2002-03 which, for our sugar units, works out to Rs. 35.19 crores.
- Provision for tax including deferred tax charge has been considered on pro-rata basis taking into account estimated tax liability for the financial year 2004-05.
- The Auditors have carried out a 'Limited Review' of the financial results for the half year ended 30.9.2004.
- The above results were reviewed by the Audit Committee and recommended for adoption in its meeting held on 26th October, 2004 and approved by the Board of Directors of the Company at its meeting held on 27th Oct. '2004.
